In Car Mount kits

HTC unique car mount solution to provide excellent quality navigation and safe call handling

- Active charging through the device cradle
- Flexible ball joint and neck
- Further Cradles under development – currently only for HD2
- Includes Micro-USB car charger in package

Part number: 99H10012-00

New Capacitive stylus

ST C400 Capacitive stylus

For HTC handsets with capacitive screens

- Capacitive stylus designed specifically for use on HTC devices with a capacitive screen
- Perfect for enterprise applications or vertical solutions markets which require information capture
- Provides accurate menu navigation when wearing gloves or when using your handset in adverse conditions

Part number: 99H10086-00 (blister)

74H01693-00M (bulk)

Extended batteries

Extended Media Battery + cover for HDZ

- Provides additional talk and standby time
- 2300mAh battery capacity (vs. 1230mAh on standard HDZ battery)
- Kick stand – ideal for use when watching movies!

Part number: 99H10082-00

Launch of New HTC Accessories packaging

All our new accessories are now dispatched in HTC's new "quietly brilliant" branded packaging

- Environmentally friendly – Soya Inks now used / PVC free plastics
- Now matches the design of HTC handset packaging
- For new MicroUSB handsets – from HD2 onward
- Bright and clear white design with product specific HTC "doodles" to easily identify the functions of the accessory
